Yes, I just saw it! I've never been so happy to see a phone number! Do we send press calls here too? Or, will there be separate info for that?

Paula, yes we have the new shorter URL for the website, thx. The problem is the website doesn't answer the questions we're getting and we don't have the answers.

Lisa-Yes call in if you can. Also same time as Ops call. So maybe split up to attend both.

No JIC phone number yet.

Hoping to get a public national call line set up tomorrow.

Caroline-Think there is an easier EPA website link than was first proposed :
www2.epa.gov/GoldKingMine (not working here tho)

Libby's coming back there tomorrow. HQ has assumed lead role in the JIC, bringing Lots of resources and help to the table. Libby put in some long grueling hours and is glad to be coming home. Still assessing needs here. Will let you know if a media officer is needed.

More tomorrow. Gina's coming so most things may pause. Think I saw suggestion of no congressional or press call tomorrow. Will see tomorrow.

Should we call in to PIO meeting in the morning? We need to get clear (or I do).

Is there a JIC line set up yet in Durango or all calls going to HQ call center? What about citizen calls re: testing their water and things like that?

Also the JIC here would like a list of all media we've been dealing with. Can just be a copy of our hand written lists. Would like it tomorrow if possible.
